Sleights of Mind book signing presentation
On February 9th, 2017, the author of Sleights of Mind, Dr. John Kihlstrom, presented at a book signing event at the Frist Art Museum in Nashville, Tennessee. The event also included a discussion with Dr. John Kihlstrom, moderated by Dan Ariely.

Some highlights from the presentation:

- Sleights of Mind is a book on the psychology of deception, written by Dr. John Kihlstrom, a professor of psychology at Princeton University. The book explores the cognitive processes that underlie our ability to deceive others and how these processes can be manipulated to our advantage.

- The book covers a wide range of topics, including the psychology of lying, the psychology of perception, and the psychology of social influence.

- The book is divided into three parts: Part I focuses on the psychology of deception, Part II focuses on the psychology of perception, and Part III focuses on the psychology of social influence.

- The book is written in an engaging and accessible style, making it a great read for anyone interested in the psychology of deception.

- The book is highly highly recommended for anyone interested in the psychology of deception, including psychologists, educators, and anyone interested in understanding how deception works.

- The book is available in hardcover and digital formats, making it a great addition to any collection.

- The book is highly recommended for anyone interested in the psychology of deception, including psychologists, educators, and anyone interested in understanding how deception works.
