Trollkarlar & Vetenskapsmän

Hittade en intressant artikel om hur trollkarlar hjälper vetenskapsmän i sin forskning:

"The scientists have studied how magicians mix humor into their performances because a laughing audience is unable to pay attention to the magician’s hand. The study also determined that there are various levels of misdirection that magicians use to trick an audience. These insights, which were previously unknown to scientists, suggest that humor and misdirection can help manipulate levels of attention.

The magicians working with Drs. Macknik and Martinez-Conde include James Randi (The Amazing Randi), Teller (of Penn & Teller), Apollo Robbins, Mac King and John Thomson (The Great Tomsoni)."
